

# REPORT GERMANY IN URGENT NEED OF FOODSTUFFS

## Thousands are Idle In Large Cities of Country

PARIS, Feb. 20.—By the A. P.—The need for revictualizing Germany is really urgent according to the report just made by a group of fourteen British officers, who visited various parts of Germany recently and conducted an exhaustive investigation. They declare that the country is living on its capital as regards to food supplies and that either famine or Bolshevism—probably both—will ensue before the next harvest if outside help is not forthcoming. The need for fats is especially urgent.

The chief places visited by these officers were Berlin, Munich, Hamburg, Leipzig, Dresden, and Cassel. Unrest and disturbances are said to be diminishing owing to the more stable political

**Thousands Unemployed.**  
At the same time unemployment and the cost of living are on the increase. The number of unemployed in Berlin is reported to be more than 200,000 and is increasing by five thousand a day. In Hamburg the number of unemployed is 72,000; Munich, 31,000; Leipzig, 22,000.

The great and constant increase in unemployment is due to the rapid demobilization of the army and war industries, coupled with the inability of peace in-

All over Germany, except in the coal field areas industry is stagnant owing to lack of coal. Railway transport is crippled throughout the country owing to the enormous quantity of rolling

stock lost since last November, partly under the armistice and partly thru abandonment on the front.

The shortage of staple articles of food throughout the country, the report continues, is such that the masses of population is living upon rations which while maintaining life are insufficient to nourish the body adequately.

Mothers and young children are particularly affected. Malnutrition has increased the mortality diminished births and given rise to new diseases.

## WILLIAMS REPLYS TO

## ATTACKS BY WEEKS

WASHINGTON, Feb. 20. — John Skelton Williams, controller of the currency replying before the senate banking and currency committee today to the attacks on his administration by Senator Weeks of Massachusetts, declared he had been infuad in the discharges of his duties adly by "the dictates of justice."

Senator Weeks referring to Williams' controversy five years ago with Riggs National Bank of

Washington, said the comptroller caused to have withdrawn from the bank \$1,700,000 in government funds.

Williams said the bill increased after the controversy.

Because of personal ill-feeling toward Charles H. Sabin of the Guaranty Trust Company of New York, Senator Weeks charged that the comptroller, as finance director of the railroad administration had withdrawn New York Central funds amounting to \$25,000,000 from the bank.

Williams said editorials criticizing him which had been laid before the committee and Senator Weeks were either "influenced or paid for."

### LARGES INVESTIGATION OF MEAT BUSINESS

Hutchinson, Kans., Feb. 20.—Close investigation of all phases of the meat business from producer to consumer, was urged before the Kansas Livestock Association here today by Thomas

E. Wilson, head of the big Chicago Packing Company bearing

is name. Mr. Wilson argued that such an invitation was necessary if legislation affecting the industry is to be intelligent.

## TO GUARD HEALTH OF ITS MISSIONARIES.

A medical department to guard the health efficiency of its missionary workers, has been established by the Methodist Episcopal church in connection with its missionary centenary to raise \$120,000,000 for general world upbuilding and the extension of its missionary work at home and abroad. No other church has organized such a department. Dr. J. G. Vaughan, M. D., Northwestern Medical College, 1907, for six years a Methodist medical missionary in China, is executive secretary of the new department. Missionaries in the field and on furlough will have the benefit of counsel from the new department, while all candidates will undergo their medical examinations from the physicians in charge.

## DIVERSIFYING WILL STOP COTTON TROUBLE.

Some of the newspapers familiar with conditions in the south are pointing out that farmers in the southern states have the solution of the cotton question in their own hands. Instead of spending so much time in the endeavor to have the price of cotton controlled they should regulate production, and they should accomplish that regulation by diversifying their farm products.

For a long time the motto of the Atlanta Constitution on this subject has been "Diversify production food and feed crops, beef, pork, mutton, dairy products, and a conservative amount of cotton." The great trouble in the past has been that most of

the farmers have seemed to think that they must devote all their attention to the raising of cotton, and then when over-production came the trouble began.

## SOUTHERN SENATORS TO BLAME.

The militant suffragists who have gone east to prepare a demonstration for President Wilson had better devote their attention to the southern Democrats who defeated the resolution. The president in all sincerity used his best efforts to have the bill pass, and its failure was only due to the action of some of the southern mossback senators. Eighteen Democrats killed the amendment when the vote of only one of them was necessary to have saved it. When it is remembered that even Germany in its reconstruction period has granted suffrage rights to women, the action of the U. S. senate seems the more amazing.

## STATE FARM EFFICIENCY INCREASES.

The report made by Mr. Hoblitt at the meeting of managers of state farms and dairies yesterday indicated the progress of the past year. Mr. Hoblitt is special farm and dairy adviser for the state institutions and his work has evidently brought good results. The measures which are being adopted to increase efficiency in the state institutions form a part of the general administration policy. The efforts put forth are resulting in increased production and revenue from the state farms. These increases help out quite materially with tax costs.

## AN HEIR TO MILLIONS.

There are involved questions about property rights and rights of inheritance, and people these days have views differing from those they formerly held. Vast fortunes which come solely through inheritance cause a natural dissatisfaction in certain classes of society and it is not surprising. Take the case of the infant son of the late Col. Astor, who went down with the Titanic. The \$3,000,000 fund left in trust for him when he becomes of age will amount to more than \$8,000,000. That is too much money for any man who is just arriving at majority, and there is something wrong with the system which makes it possible. The figures, however, do carry the needed lesson that anybody can have money

who saves. A few hundreds or a few thousands kept at interest for a period of twenty years grows in a very surprising way.

## A PLAINFUL LIST TO CHOOSE FROM.

Only a few days ago the people of Jacksonville were wondering why there were not more aspirants for city offices. The hours of the closing day for filing provided that the fear of a dearth of candidates was unfounded. When the ballots are prepared for the primary there will be 22 names from which the voters may choose. A perusal of that list shows that the city has the opportunity of selecting an excellent body of officials to guide its destiny thru the coming two year period. One cheering fact for the next administration is that the general assembly is looking with favor on the measure changing the tax rate from \$1.20 to \$2. If this law is passed collection of taxes at the new rate will be mandatory and this city will have an increase in its annual revenue of about \$40,000.

## WHEN MONEY TALKS.

The advocates of route 56 in the hard roads system of the state favoring route thru Jacksonville from Springfield to Quincy presented an almost unanswerable argument at the hearing before the state highway commission yesterday. The committee representing Morgan, Scott and Pike county residents offered to assume the responsibility for the sale of \$1,600,000 of road bonds at par, this being the amount that the proposed road from Alexander to Seashore on the north line of Pike county would cost.

The state department has objected to the improvement being made now on the ground that under present financial market conditions the bonds would not sell at par. The three county committee has answered the argument. Money talks in a case of this kind and the prospects for the early construction of the road are excellent. The three county committee with the support of its constituents has seemingly found the way to hasten desired road construction.

Rippling Rhymes  
By Walt Mason

I'm glad I didn't cross the bridge Kaiser Bill took in his sign. My friends all said, "You ought to go, and write some rhymes about the foe, and that will make him throw a fit, admit he's had enough, and quit." "Three times I packed a large valise with pipes and socks and elbow grease, and said, 'I'll hike across the foam,' then changed my mind and stayed at home. It's fortunate I didn't go, or I'd have multiplied your woes, for I'm the sort of buster who'd jot down notes where'er he went, and then come home and write a book—as everybody does, gadzook! The presses groan away like fun, they turn out war-books by the ton, and all the gifted inky guys are writing yarns of German spies, of mighty combat here and there, upon the sea or in the air. Consumers cry, 'We've had enough of this soul searching, curdling stuff! So give us cheerful tales once more, as in the sunny tales of yore!'" But still the presses whang and clack, and turn out war books stack on stack. And there'd be one or more by me, had I gone slopping o'er the sea, instead of which I stayed at home and kept a poultrie on my dome.

## REPEATING STATION MAY BE ESTABLISHED

Placing of "Max" in Local Western Union Office Will Mean All Night Service.

Manager Joseph L. Pine of the Western Union Telegraph Company has received word from the officials that Jacksonville may be selected as a repeating station for the company's overland transmitting machines known as the Multiplex.

If the plan goes thru three men will be stationed in the Jacksonville office on eight hour shifts. The automatic machines transmit telegrams and takes the place of the telegraph operator. The machines transmit messages more rapidly than telegraph operators, but it is said, that they are not as reliable.

The machines are operated with a tape. At the relay offices men and women are employed to punch the tapes and this is fed into the transmitting machine which prints the messages. While the machines do the work of the telegraph operator it takes an expert telegrapher to keep the machine in operation. The only labor saving by use of the machine is in large cities where one expert operator looks after several machines.

If Jacksonville is selected as the repeating station one thing is sure and that is that Jacksonville will at least have a telegraph office open after nine o'clock.

The reason for selecting Jacksonville is the most of the companies overland wires come off the Chicago & Alton and this city is the only available place between Chicago and Kansas City.

## DEATHS

**Schaeffer.**  
Mrs. Phoebe Schaeffer died at the home of her daughter, Mrs. Carl Faugust 343 East College avenue, Thursday.

Deceased was born in Germany in 1840 and was 79 years of age at the time of death. She was united in marriage in Chicago in 1858 to William Schaeffer who preceded her in death. For the past seventeen years she has made her home with her daughter, Mrs. Carl Faugust.

She survived by the following children: G. W. Schaeffer, Ft. Worth, Texas; Albert Schaeffer, Mrs. Carl Faugust, Jacksonville; Mrs. Elizabeth Couder, Coropolis, Penn. Two children preceded her in death. She also leaves one sister, Mrs. L. Daffner St. Louis, Mo., and 12 grandchildren.

Funeral services will be held at the home of her daughter, Mrs. Carl Faugust 343 East College avenue in charge of Dr. Myron L. Pontius. The time will be announced later.

**Sheppard.**  
Mrs. Everett Spencer died at her home in Murrayville at three o'clock Thursday afternoon of heart trouble. She had been in failing health for some time.

Deceased was the daughter of John and Sarah Breitenstine and was born near Nortonville about 38 years ago. Her entire life had been spent in the vicinity.

About twenty years ago she was united in marriage to Everett Sheppard. They resided in the Greaser Neighborhood until about a year ago when they moved to Murrayville.

Besides her husband she is survived by one son and one daughter both at home. She also leaves her mother.

Mrs. Sheppard was a member of the Baptist church and was highly regarded in her home community. Funeral services will be held from the Baptist church in Murrayville Saturday afternoon at 2 o'clock in charge of the Rev. Roy March.

## STATE CLOTHIERS HAD GOOD MEET

The ninth annual convention of the Illinois Retail Clothiers' association adjourned yesterday after re-electing T. J. Prodie of Chicago, president. It was determined to hold the next year's convention in Chicago and clothing men are interested to know that the national clothing association will also hold its convention in that city. At the Peoria meeting Jacksonville was well represented, the party including Henry Frisch, T. M. Tomlinson, C. J. and George Lukeman, Charles C. Capps, Charles Fawcett, A. T. Capps, Louis and William Deutsch and S. Dorand. Mr. Tomlinson was the chairman of the committee on resolutions and William Deutsch a member of the nominating committee. Papers and resulting discussion brought out a great many matters of interest to the delegates. The paper by A. T. Capps was accounted one of the most interesting on the convention program.

Members of the Apparel club of Chicago to the number of 50 came down by a special train, bringing with them a collection of money which they had raised for a banquet at the J. W. hotel Wednesday night in honor of the delegates. This club is made up of clothing traveling salesmen.

## SUPREME COURT GIVES LOCAL CASE DECISIONS

Lower Court Upheld in Orear Case—Like Finding in Masters and Barber Cases—Decision is Against Drainage Commissioners.

The supreme court Thursday handed down decisions in a number of cases taken for trial from Morgan county. In the Orear-Browning case the opinion of the lower court was affirmed and the estate remains intact. In the suit involving certain lands of the Masters estate the lower court decree is also affirmed and it is held that W. R. T. Masters had not invalidated the terms of the will of James M. Masters by his failure to have certain property rights.

In the suit of the Ayers National bank et al. vs. Barber et al., the finding of the appellate court was reversed and that of the Morgan county circuit court upheld. In the case involving the Mauvalsterre Drainage & Levee district, the decision of the Morgan county court was reversed.

**The Barber Case.**  
The supreme court yesterday affirmed the judgment of Judge Burton in the circuit court here, finding in favor of the complainants in the suit brought by Ayers National bank and Earl B. Henderson against William Barber.

This litigation resulted over an obligation of about \$4,000 of Mr. Barber to the complainants. It was shown that he had transferred certain farm property to his wife and that subsequently a part of this property, including the improvements, had been transferred by Mrs. Barber to James Barber, a brother of her husband. It was the claim of Mr. and Mrs. Barber that this transfer to the brother was made to satisfy an indebtedness to him of an amount equal to the value of the property. It was Judge Burton's finding that Mr. Barber did owe his wife about \$8,000 out of the \$15,000 which was the value of the property transferred to her. He, however, found that the transfer to the brother was not made to satisfy an obligation and that the property so transferred should satisfy the claim of the complainants.

The defendants in the case made an appeal to the appellate court and there the finding of Judge Burton was reversed. Then the complainants took an appeal to the supreme court and the finding yesterday reverses the appellate court finding and approves that made by Judge Burton in the lower court. In the original suit the complainants, the Ayers National bank and Mr. Henderson, were represented by Bellatti, Bellatti & Moriarty, and the defendants by J. O. Priest. In the higher court the complainants were represented by the same attorneys and the defendants by Masters & Masters of Springfield.

**Masters Farm Land Case.**  
Another interesting decision by the supreme court was that of Mary Masters Newcomb and Arthur M. Masters against W. R. T. Masters and M. F. Dunlap. This case was heard in the circuit court here before Judge Norman Jones and the finding was in favor of the defendants. The complainants were represented by Masters & Masters of Springfield and the defendants by Bellatti, Bellatti & Moriarty. An appeal was taken by the complainants to the supreme court and by the finding yesterday the opinion of Judge Jones is upheld.

In this proceeding the complainants sought to show that a lease made to M. F. Dunlap by W. R. T. Masters invalidated certain provisions of the will of his grandfather whereby a large tract of land near Murrayville had been left to him for life. It had been shown that the agreement entered into by Mr. Masters with Mr. Dunlap was in violation of the will, then the lands would have become a part of the Masters estate and would have come into the possession of the complainants. From the papers in the case it appears that W. R. T. Masters was obligated to a considerable amount to Dunlap-Russell & Co. and to the Ayers National bank.

In order to settle this indebtedness Mr. Masters made the agreement with Mr. Dunlap whereby the latter was to take charge of the land for a period of years, pay taxes and repairs, a certain yearly amount to Mr. Masters, meet some other yearly obligations of his and then apply the residue of the earnings of the property to the bank obligation. It was this lease or agreement that the complainants alleged amounted to a mortgage on the land. If this had been proven it would have shown that the agreement was in violation of the provisions of the will whereby Mr. Masters was given the use of the land for his life time.

**Browning Estate Case.**  
What is no doubt the final chapter in the long litigation attending the estate of D. R. Browning was written yesterday. By this finding the supreme court affirms the verdict of Judge Jones in the lower court, declaring that thru the relations of Mr. Browning and his sister, Mrs. Orear, there was no resulting trust and that Mrs. Orear did not have a half interest in his estate. Litigation over this estate has been in progress in the courts for several years.

At the last previous term the supreme court affirmed the finding of the lower court but the decision indicated that the finding was made rather upon a technical question than upon the principal argument urged by the attorneys for Mrs. Orear. So upon the showing made a rehearing of the case was granted. Now the supreme court again affirms the finding of Judge Jones in the circuit court.

In this proceeding the late Mrs. Orear brought action against the Farmers State Bank & Trust Co. as trustees of the estate of her brother, D. Rees Browning, maintaining that lands belonging to the estate were purchased with

partnership funds. It was her claim that while Mr. Browning held title to all the realty, that he had bought the land from money which came from a fund belonging to them jointly. It was alleged that this fund represented the savings of years and the share of both in the estates of two aunts, the Misses Rees, who for many years lived with Mrs. Orear and her brother.

By the will of Mr. Browning it was provided that his wife should receive the income from his estate during her lifetime and that one half of the property should become a part of her estate. It was provided that certain organizations of the Christian church and Passavant hospital should benefit from the remainder of the estate. Certain provisions were made for the payment annually of a certain stipend sum to Mrs. Orear and there was also provision for her thru an emergency fund.

The original suit was referred to the master in chancery for the taking of evidence and his finding was in favor of the complainants. On exceptions to the master's report the case then came before Judge James A. Creighton. The evidence had been taken and the argument of attorneys heard and Judge Creighton had taken the case under advisement when he was taken suddenly ill and his death followed within a short time.

A rehearing was therefore necessary and this was had before Judge Norman L. Jones. He took the case under advisement and after a number of weeks gave his opinion in favor of the defendants, finding that the evidence did not prove a resulting trust, which would have meant that the lands had been acquired thru a partnership fund. Subsequently, as already indicated, the case was appealed to the supreme court and after the finding there a rehearing was granted. Now comes the further order of the court in which the opinion of Judge Jones is affirmed.

The estate includes 640 acres of fine farm land located in the vicinity of New Berlin. This property is under the terms of the will managed by the Farmers State Bank & Trust Co. as trustees.

## Drainage Case Decision

The supreme court reversed the decision of the Morgan county circuit court in the Mauvalsterre Drainage and Levee District case. The case was brought by Carl Robinson, state's attorney, against John A. Moss, F. J. Blackburn and H. E. Ogle, commissioners of the district, alleging that they were unlawfully and without charter, grant or title assuming authority to act. In February, 1913, the defendants moved that the information be stricken from the files, alleging that there was no public interest in the case. The motion was allowed and the people prayed an appeal to the supreme court. In this case defendants were represented by Worthington, Reeve & Green.

**FREE KINDERGARTEN**  
WILL HAVE BIG BENEFIT  
The Board of the Free Kindergarten will offer a splendid entertainment to the people of Jacksonville on Tuesday evening, March 4th.

During the winter a number of members of the faculty of Illinois Woman's College have presented to the students several clever one act plays. So successful were these that the Kindergarten Board have arranged to present three to the people of the city. The plays to be given are "The Twelve Pound Look," "The Beaux of Bath" and "The Third Ingredient."

"Help the Kiddies" has been adopted by the committee in charge of the entertainment as a slogan to be used in interesting the people of the city. There is a vast amount of work connected with the Free Kindergarten and many poor children of the city are cared for at a nominal cost. No one connected with the board receives any pay and the teachers who do the actual work are paid less than they are worth. Only 500 tickets will be sold as that is the seating capacity of Musit Hall. Remember the date, March 4th.

## MATRIMONIAL

**Reid-Hughes.**

Paul Reid and Miss Sophronia Hughes were united in marriage at the M. E. parsonage on Webster avenue at 3 o'clock Thursday afternoon by the Rev. J. O. Kirkpatrick.

The ceremony was witnessed by Miss Mary Reid, sister of the groom, Mr. and Mrs. Otis Mapes, Mrs. Mapes being a sister of the bride and Miss Hamilton an aunt of the bride and the members of Mr. Kirkpatrick's family.

The bride is the daughter of A. C. Hughes residing north of the city and is a young woman highly regarded by a large number of friends.

The groom is the son of Charles Reid of the Ebenezer neighborhood. He is a farmer by occupation, and recently returned from army service. He is a young man of sterling qualities and high capabilities and is regarded as one of the substantial citizens of the community.

After a brief wedding trip Mr. and Mrs. Reid will be at home at the Reid farm in the Ebenezer neighborhood.

**Austin-Colvin.**

Charles O. Austin and Miss Maggie Colvin, both of Waverly were united in marriage Thursday afternoon by Judge Paul Samuel in his office in the court house. The young people will reside in Waverly.

**Wood-Walcott.**

Walter Wood and Miss Lema Walcott both residents of the Mound were united in marriage at 2:30 o'clock Wednesday afternoon by the Rev. A. A. Todd pastor of First Baptist church at the home of the groom's parents.

The groom is in the employ of the Illinois Tire and Vulcanizing company and is highly regarded by his employers. The bride is also well known and both have many friends who will unite in wishing them a long and prosperous married life.

**JOHN GARVEY WILL GO TO SPRINGFIELD**

John Garvey, who has been second trick operator and ticket agent for the Wabash railroad here, has been appointed ticket agent for the road at Springfield.

Mr. Garvey has been at the local office for the past five years. The appointment is a distinct promotion and Mr. Garvey and his friends will be glad to learn of his preference. He is now awaiting a call to report and expects to go to Springfield in a few days to take up his new duties.

## FUNERALS

**Mason.**

Funeral services for Mrs. Marietta Graff Mason were held from Reynolds undertaking parlors at 3 o'clock Thursday afternoon in charge of Dr. Myron L. Pontius, pastor of Central Christian church. Mrs. I. B. Porter sang a solo, "Abide With Me."

The flowers were cared for by Mrs. C. E. Massey and Miss Adele Heint.

Burial was in Jacksonville cemetery the bearers being, C. B. Massey, J. P. Lippincott, I. M. Bunce, J. B. Mawson, Arthur Fairbank and J. H. Reid.

**Cassell.**

Funeral services of Lyman O. Cassell were held from Central Christian church at 2 o'clock Thursday afternoon in charge of Dr. Myron L. Pontius and Rev. S. C. Boistford, of Edina, Mo.

There was a large gathering of friends who had known Mr. Cassell during his long residence in this city. Members of Illinois Lodge No. 1, I. O. O. F., attended the funeral in a body and carried out the funeral service of the order.

Mrs. William Bart Brown sang a solo with Miss Huchey as accompanist. The many beautiful floral offerings were cared for by Miss Josephine Pyatt, Mrs. Eugene D. Pyatt, Mrs. J. D. Jackson and Mrs. Charles Fawcett.

Burial was in Jacksonville cemetery the bearers being J. T. Osborne, James Stout, Stansfield Baldwin, A. M. Robinson, C. Ludwig and John Minter.

**OBITUARY.**

Lyman Oliver Cassell was born at Jacksonville, Illinois, July 29, 1858, and died at his home in Edina, Missouri, February 17, 1919, aged 60 years, 6 months and nineteen days. He was the fifth child of Peter and Elly Cassell. He lived all of his life in Jacksonville with the exception of the past 11 years that he has lived in Edina.

Mr. Cassell was united in marriage to Elizabeth Ezell of Monmouth, Illinois, March 27, 1884. To bless this happy union three children came, Lynn R., Nina Constance, who died in infancy, and Frank Harrison.

Mr. Cassell united with the Christian church of Jacksonville in his early life and his membership has never been taken from this church.

He was engaged in business in partnership with his brother, R. T. Cassell in the firm so long known as Cassell Brothers until 1907. Retiring from active business life in that year, he purchased a farm near Edina, Missouri; later selling the farm and moving with his family to Edina, at which place he was living at the time of his death.

He leaves to mourn his death a wife, Elizabeth Cassell, two sons, Lynn R., of Jacksonville, Frank H., of Victoria, Texas, also two brothers, Ben and Robert, both of Jacksonville and two sisters, Mrs. S. W. Constant of Springfield, Ill., and Mrs. W. D. Jackson of Benton, Illinois.

**Wright.**

Funeral services for Mrs. Ethel Wright who died at Manchester recently were held at Murrayville cemetery Thursday in charge of the Rev. Mr. Peters. Music was furnished by Miss Mabel Wright, Miss Stella Cunningham and Mrs. C. R. Short. The flowers were cared for by Mrs. Grover Whitlock and George Riggs.

**Liter.**

A large company of relatives and friends gathered at the Litterberry Baptist church Thursday afternoon at 2 o'clock for the funeral of the late Mrs. J. M. Litter, whose death occurred Tuesday.

The services were in charge of Rev. F. M. Crabtree of Pisgah, a former pastor of the deceased, assisted by Rev. F. B. Madden of this city and Rev. O. E. Keltner of Litterberry. A quartet composed of Mrs. John Guy, Mrs. Earl Underbrink, J. A. Litter and Edward Litter, with Mrs. H. D. Crum at the piano sang, "We Are Going Down the Valley" and "Somebody We'll Understand."

The members of the Sunday school class taught by Mrs. Litter sang "God Will Take Care of You." Those young women were also in charge of the flowers, which had been sent in great profusion by friends of the deceased.

Interment was in Arcadia cemetery, the bearers being Durrell Crum, Ona Crum, Willard Young, Alonzo Rathiff, Arthur Litter and John Daniels.

The deceased was the daughter of Mr. and Mrs. Jeremiah Henderson and was born in the Litterberry vicinity sixty-one years ago. Her entire life had been spent in that community, and her life had been such that her friends were numbered by the score. She had been prominent in the social life of Litterberry, and in the church and Sunday school work was always found at her post.

Her death came as a result of a two week's illness of pneumonia. She was critically ill from the first, and although everything was done in an effort to bring about her recovery, her condition grew constantly worse until death came as indicated. The deceased is survived by her husband; one sister, Mrs. S. H. Crum of Litterberry, and two brothers, William Henderson of Little Indian and Taylor Henderson of Jacksonville.

In his address Rev. Mr. Crabtree a former resident of Litterberry, referred to the community as one of the very best he had ever known and mentioned the influence that Mrs. Litter exerted in community life.

## SAY GOODBY To the Wash Tub

Wash day is too expensive. If you do the family wash yourself it costs too much, in your time, your health, your materials, and extra fuel. If you have a wash woman it still takes up your day, uses your materials, your fuel, and means extra meals. All things considered, our laundry can do your family wash for less than you can do it at home.

## SENATOR FALL DECLINES INVITATION

WASHINGTON, Feb. 20.—Senator Fall, Republican member of the senate foreign relations committee has telegraphed from his home in New Mexico to Secretary Tumulty declining President Wilson's invitation to attend the White House dinner next Wednesday to discuss the proposed constitution of the league of nations.

The message was made public. At the senator's office here it was said that he declined because of his absence from Washington and for "other reasons."

The senator has not been in Washington during the present session of congress. Senator Fall is the second member of the senate committee to refuse to attend the dinner. Senator Borah of Idaho having made known his decision early this week in a letter to Secretary Tumulty. It was said tonight that the other members of the senate committee as well as those of the house committee would confer with the president.

## URGENT ECONOMIC AID TO RUSSIA

NEW YORK, Feb. 20.—Characterizing the proposed Princes Island conference as a moral impossibility, abhorrent to more than sixty million Russians who oppose the Bolsheviks and declaring his purpose to appeal to the allies to send quick and energetic economic and military aid to Russia, Nikolai Avenski, former president of all-Russian provisional government at Omsk who was deposed last November explained here today the object of his mission to the peace conference.

M. Avenski is accompanied by two former members of his administration Vladimir Zenzinoff, ex-minister of police and also by Andre Argunoff, who in event of the ex-president's death would have succeeded him. The party expects to sail for Paris in about two weeks.

Meanwhile they will confer with Madame Brezhnevskaya the grandmother of the Russian revolution and other (Kerensky) partisans now in this country.

## FAVOR 25-ROUND BOUTS

CARSON CITY, Nev., Feb. 20.—An amendment to the Nevada prize fight law, allowing 25 round boxing contests, was passed by the state senate today by a vote of ten to five. The senate amended the bill to prevent a white man from engaging in a contest with a colored man.

## RELIEVED OF COMMAND

CAMP GRANT, Ill., Feb. 20.—Col. Charles D. Burkh has been relieved of the command of Camp Grant and assigned to the 62 Infantry at Camp Lee, Va. It is assumed that the war department is to send a brigadier general to command the local cantonment and that this is the reason of Col. Burkh's transfer.

## WOOD DRYING BUILDING BURNS

JOLIET, Ill., Feb. 20.—Fire tonight destroyed the wood drying building in the chair manufacturing department of the penitentiary, with a loss estimated at about \$156,000. The origin of the blaze had been ascertained in early investigation.

## WOULD REPEAL DAYLIGHT SAVING LAW

WASHINGTON, Feb. 20.—In response to letters and petitions from farmers urging repeal of the day-light saving law, Chairman Gore, of the senate agriculture committee announced today that he planned to offer a rider to the annual agriculture appropriation providing for annulment of the statute.

COPENHAGEN, Feb. 20.—Prince Joachim of Prussia, youngest son of former Emperor William has been arrested according to a dispatch from Munich. The dispatch states his arrest was on suspicion of his being connected with "certain intrigues."

## SENATE HOLDS FIRST LONG SESSION

WASHINGTON, Feb. 20.—Holding its first long night session since leaders framed their program to expedite contested money bills, the senate late tonight passed the legislative, executive and judicial appropriation measure carrying \$97,700,000. The bill now goes to conference.

The house provision for a pay increase of \$240 for federal employees, designed to meet the increased cost of living was returned by the senate which also reinstated a provision for continuance of sub-treasuries in nine cities.

This was the fourth money bill to be passed by the senate and twelve others are pending or in preparation.

## HIGH TIMES IN BERLIN RESTRICTED

BERLIN, Wednesday, Feb. 13.—(By the A. P.)—The carnival of dancing, wine drinking and expensive night revels in, which certain classes of the population of Berlin and other large cities have plunged since the signing of the armistice hereafter will be restricted by the police.

Under an order issued today only dance halls who had permits before the war will be allowed to continue and these will be limited to certain days of the week and to a certain number of hours in the evening.

The frivolous and profligate night life now prevailing has been criticised generally as being not only inconsistent with Germany's present position but also unfavorably affecting public opinion abroad.

## URGES SUFFRAGE FOR WOMEN IN CANADA

OTTAWA, Feb. 20.—The Duke of Devonshire, governor-general of Canada, declared in an address at the opening of the Canadian parliament today that a bill enabling women to vote and conferring upon them the privilege of sitting in parliament would be introduced during the coming session.

The opening session was held without the usual social formalities out of respect for the memory of Sir Wilfrid Laurier, the former premier.

The Duke of Devonshire paid a high tribute to the part taken by Canada in the war, declaring "that none of the forces engaged played a more valorous or heroic part than those of Canada."

## BUTTER TAKES A JUMP

CHICAGO, Feb. 20.—Butter has taken a jump to 63 cents a pound it was announced today. After retailing a week ago at 47 cents.

In explanation of the rise of 16 cents, dealers said a decision of the allies to take three million pounds of American butter if a decision not to take it was the principal factors. Contributory influences were said to be high prices for milk, lifting food administration restrictions and indecision among grocers as to whether or not they ought to stock up on butter.

## BAR ALIENS FROM U. S.

CHICAGO, Feb. 20.—Superior Judge Sullivan today signed an order forever barring from United States citizenship 43 neutral aliens who took advantage of the neutrality blanket in which they wrapped themselves to avoid military service.

"I only wish I had the deportation order to sign at the same time," said the judge as he glared at the aliens of whom Norwegians numbered 2, Swedes 30, Hollanders 6, Persians 2, Spaniards 2, and Mexican 1.

## CANDIDATES LINE UP FOR PRIMARY ELECTION

Plenty of Material Available for Selection of Officers and Aldermen—First and Second Wards Have Most Aspirants for Office.

Thursday was the last day for filing petitions for candidates in primary election March 11. More petitions were filed on the final day than during the two preceding weeks.

There are three candidates for mayor, W. L. Alexander and E. E. Crabtree on the Republican ticket, Charles R. Knollenberg on the Democratic ticket. John A. Bellatti, Fred L. Gregory and J. Marshall Miller are the three candidates for city attorney, all on the Republican ticket. H. C. Clement is the only candidate for treasurer and his name will appear on the Republican ticket.

It was indeed a compliment to R. L. Pyatt that he has no opposition for the office of city clerk. He is a Democrat and altho Republican party has a considerable majority in Jacksonville, no opposition candidate filed. This was due very largely to the fact that Mr. Pyatt is an accommodating official and his services will be valuable to the next administration.

## The No Salary Plan

An effort was made to reach all candidates last night and ask as to their opinion on the "no salary" plan advocated by Mr. Crabtree. In a number of instances it was not possible to get in touch with the candidates. The status of the candidates in this regard, so far as known, is given below. These men have already indicated that they are willing to run on a "no salary" platform: First ward—E. A. Brennan; Second ward—Charles B. Graff; Charles DeSilva, A. E. Williamson; Fourth ward—T. A. Chapin, C. F. Ehrie.

In the second ward, Howard Wannamaker, and in the fourth ward Dr. R. H. Beverly stated that they are willing to do "like the others" if elected to council membership. Frank Correa, Michael McGinnis, William Reynolds, Herbert C. White, Alexander Platt, John M. Hurst, George Brown, H. E. Frye, A. L. Wood, have thus far made no statement as to their intentions with reference to salary. The Journal will be willing at any time to indicate the intention of candidates on the salary question.

W. L. Alexander, candidate for mayor, said last night that he was not ready with a statement, that he filed his petition without the certain knowledge that Mr. Crabtree had become a candidate. The complete list of aldermen is as follows:

## REPUBLICAN TICKET

## Social Events

Catholic Ladies Aid Met With Mrs. Anton Graef.

The Catholic Ladies Aid of the Church of Our Savior met Wednesday afternoon with Mrs. Anton Graef of 835 West College avenue. It was the first meeting of the season held at a member's home and about seventy ladies were present. After the business session a social hour was enjoyed. The next meeting will be held with Miss Mary Ryan 1716 South Main street April 23.

## Surprise Party for Lewis Loneragan.

A surprise was given on Lewis Loneragan Wednesday evening at the home of his parents, Mr. and Mrs. J. J. Loneragan, south of Murrayville. Delicious refreshments were served and music was enjoyed. The main feature of the evening was progressive euchre, prizes being won by Mr. and Mrs. Henry Lewis, Coy Palmer, Stella Flynn. Those present were Mr. and Mrs. John Winter and family, Mr. and Mrs. Henry Lewis and daughter Velma, Mr. and Mrs. C. Doy Palmer and family, Mr. and Mrs. Thomas Walsh, Misses Alma, Gussie Stella and Frank Flynn, Miss Lizzie Margaret and Maurice Walsh, Thomas Winters and Herbert Barker.

## Birthday Surprise for Mrs. C. G. Cantrell.

The members of the Christian church, Chapin, gathered at the parsonage Wednesday evening, Feb. 19. This was a surprise for the pastor's wife, Lillie L. P. Cantrell, it being her birthday. Nearly 100 were present and a most enjoyable evening was spent.

The Peak Sisters gave a delightful program, led by Mrs. Frank Couchman. This was not only a surprise to the large audience but was artistically rendered by 9 girls in costume. To say that the people enjoyed this program is putting it mildly. Mrs. Couchman is a happy leader in this kind of work of the Christian church. Mrs. T. W. Bass, wife of the pastor at Milton, was present and gave two readings that were highly appreciated. Rev. Herbert, pastor of the M. P. church at Chapin gave two enjoyable readings.

Mrs. Frank Burnham in a few well chosen words presented to Mrs. Cantrell a remembrance token consisting of a cut glass fruit bowl and china sugar and cream set.

A season of fortune telling was enjoyed after which by means of "Jumbled Fruit" the company was seated and delicious refreshments consisting of coffee, brick ice cream and Angel food, caramel fruit and many other kinds of perfect cake were served. This gathering was suggested by the pastor and carried out to perfection by the ladies of the church. Strange as it may seem, Mrs. Cantrell was completely surprised and greatly enjoyed the evening. The pastor did not allow anybody to have a better time than he did. In fact, everybody did their part to help every one else enjoy themselves. The hour for departing was full of best wishes and assurance of a happy time.

## Juniors Entertained Seniors of High School.

The Juniors of the Jacksonville high school entertained the seniors at the annual banquet Thursday evening at the Dunlap hotel. Covers were laid for 150 and the occasion proved of great pleasure for all. Following the banquet toasts were responded to by Florence Chapin, Principal H. C. Hopkins, Clifford Carlson, Lester Cornick, Lindley Williamson, Miss Emma Mae Leonard.

## Farewell Party for Mr. and Mrs. J. R. Allen.

Friends and neighbors of Mr. and Mrs. John R. Allen recently planned a farewell party in their honor, as they are soon to remove from their farm to Jacksonville. Several hours were spent pleasantly with music and dancing and at a late hour a delicious luncheon was served. Music was furnished by Frank Metcalf, Bud Daniel and John R. Allen. Those present united in wishing Mr. and Mrs. Allen much happiness in their new home, altho regretting to have them leave the neighborhood which has been their home for so long a period. The guests were Mr. and Mrs. E. ## Birthday Party or Owen Robbins.

Thursday was the fifteenth birthday anniversary of Owen Robbins of Alexander, and a number of his friends planned a surprise party in honor of the event. They went unannounced Thursday evening to the home of the young man's parents, Mr. and Mrs. Irvin Robbins, and proceeded to spend several hours in a delightful way. Games and various amusements were enjoyed and excellent refreshment were served during the evening.

## Past Noble Grand Club Met With Mrs. Cully.

A meeting of the Past Noble Grand club of Jacksonville Rebekah Lodge No. 13 was held with Mrs. Charles E. Cully of South Main street Thursday evening with a large attendance. An election of officers was held and the following were selected: President—Mrs. Nettie Brown. Secretary - Treasurer — Mrs. Charles E. Cully.

Following the election a social hour was enjoyed and the hostess served dainty refreshments. The next meeting will be held with Mrs. Nettie Brown Thursday evening, March 20.

## Salem Ladies Aid Gave Social and Supper.

The Salem Ladies Aid gave a Washington social and chicken supper at the home of William Thompson, east of the city, Thursday evening. Tho the weather conditions were unfavorable, there was a good attendance and the ladies realized \$25 for the supper.

The Thompson home was decorated with the Stars and Stripes and Canadian flags, in honor of Mrs. Thompson's nephew, Samuel Walsh, the smiling Canadian, who served three years in the trenches. Mrs. James Rawlings gave several vocal numbers and violin numbers were given by Master Wendell Rawlings. Miss Alice Ross gave several piano numbers.

The young ladies who served were dressed in the costume of Martha Washington, and were: Ruth Vingler, Helen Maddox, Alice Baker. The guests of honor were Samuel and Marie Walsh of Canada.

ROADS HEARING  
HELD AT SPRINGFIELDADVOCATES OF ROUTE 36  
PRESENT STRONG ARGUMENT

Scott and Morgan Counties have the best of facts and figures to offer to take \$1,600,000 bonds at par—local route hearing.

An important meeting was held today by the state highway committee when an opportunity was given for persons especially interested in hard roads routes 36 and 37 to present their arguments. The hearing was held at Springfield, Mo., and was attended by a large number of citizens of Scott and Morgan counties. The purpose of the hearing was to present the arguments of the advocates of the state hard road following the Ocean to Ocean route from Springfield via Jacksonville, Chester and Pittsburg.

Our Prescription  
Work

When a prescription is compounded to combat serious illness nothing but the most scientific service should be considered.

We have everything prescribed by physicians and our compounding is conducted with care and skill. Do not economize on drugs that are actually needed. Consult a physician in all cases of serious illness and bring your prescription to us to be compounded so that the medicines will act true. Notwithstanding the superior character of our prescription service our prices are no higher than are asked elsewhere.

have the route outlined that way. The three counties of Pike, Scott and Morgan were represented by a committee of W. E. Williams, Pike county; W. R. Woodall, Scott county; and M. F. Dunlap, Morgan county. The argument was made on behalf of the committee by Mr. Williams, and a brief was presented to the department clearly outlining the reasons why the route thru Winchester and Pittsburg is preferable.

**Propose to Take Bonds**  
The committee proposed to take \$1,600,000 worth of bonds at par if the department will proceed with the work. This is the estimated sum the entire improvement would cost for the distance from Alexander in this county to Seahorn in the north line of Pike county. The commercial association of Hannibal has offered to build a road a distance of 6 miles to Seahorn if this route is followed.

Those proposing the northern route laid great emphasis upon the advantage of the bridge at Beardstown, but the opposition was able to show that this bridge is really in very bad condition and expensive repairs will be necessary to put it into good condition. H. L. Caldwell, engineer, assisted in the presentation of the three county argument. The argument as filed is presented below.

**Local Route Hearing.**  
In addition to this hearing, another was held by the board of reference to the more local question of the route to be followed from Springfield to Jacksonville. One route proposes to follow the old Springfield road which would carry the hard road a distance of two miles north of Alexander.

Advocates of this route were represented by M. F. Dunlap who advanced the theory that the suggested route was three miles shorter than if the route which approaches Jacksonville by Morton avenue were used. Mr. Dunlap argued that it would be cheaper to build a spur of two miles from the Springfield highway south to Alexander than to pay for the extra three miles that would be necessary if the southern route were followed. Mr. Dunlap's argument was that construction by the north route would mean a net saving of one mile of paving. Estimating that

the cost of automobile operation is 10 cents a mile, and that 300 cars a day will travel over the route, the daily saving would be \$20, \$900 a month, \$10,000 a year. He followed this line of reasoning further to show what an extensive saving would be effected in a long period of years.

ARGUMENTS FOR  
ROUTE 36

The undersigned committee representing the Good Roads Association of the counties of Morgan, Pike and Scott, organized for the purpose of promoting the early construction of Route Thirty-Six, beg leave to submit the following suggestions and reasons why said route from Jacksonville by way of Winchester, Pittsburg and Barry to Quincy should be built at the earliest practical date.

Route 36 from an Engineering  
Standpoint

This is the shortest proposed route from Springfield to Quincy, by sixteen (16) miles, and traverses the most level country between the two cities. The entire route from Jacksonville by way of Winchester to Pittsburg, is practically level. There is not a hill between these points not to grade. From Pittsburg to Barry the line crosses a rolling country for a distance of five or six miles, but not so abrupt as to be difficult of road construction from an engineering standpoint.

From Barry to Quincy by way of Kinderhook and Seahorn there is not a hill on the entire line. This section of the line affords a good natural highway.

**Population Served**  
We exclude from consideration, under this heading, the population of Springfield and Sangamon county, and also the population of Quincy and Adams county, because both routes 31 and 36 run between these two cities, and the population of both would be served by either route.

We are taking into account the intermediate counties of Brown, Cass and Schuyler along the line of route 31, with a total population of 42,621 and the intermediate counties along line 36 of Morgan, Pike and Scott, with a total population of 73,109.

An excess population on line 36 of 30,488, or a difference of 42 per cent.

The five intermediate cities along line 31, are Ashland, Virginia, Beardstown, Rushville and Mt. Sterling, with a total population of 13,112. The intermediate cities along the line of route 36, are Jacksonville, Winchester, Pittsburg and Barry with a total population of 29,707.

An excess population along line 36 of 7,195, or a difference of 58 per cent.

The population along route 31 is 28 per square mile, while the population along the line of route 36 is 44 per square mile.

At Jacksonville is located institutions consisting of the Illinois Central Hospital for the Insane, Illinois School for the Deaf, Illinois School for the Blind, with a total enrollment of inmates, approximately of 3,000 and a payroll of 600, a greater majority of said inmates and employees reside in adjacent and nearby counties.

There are also located in Jacksonville, educational institutions as follows: Illinois College, Women's College and Brown's Business College with an approximate enrollment of 1000.

Hard road connections—A state aid road is in process of building, and about completed from Perry, Illinois, with a population of 649, to the City of Griggsville with a population of 1262. This road is laid out by authority of the board of supervisors, with the approval

## Reason

Never was the attention of the world turned to the produce of the farm as at the present time. The world is hungry and must be fed. During the great period of reconstruction, depleted stocks must be replenished. While all farm products are three to five times higher than before the war, farms are but very little higher. Farms are the last to go up and the last to come down. Buy now, and get advantage of the big advance that is sure to come. Come in and let us know your wants.

of the state highway commission to a point on the line of route 36. This brings in direct contact and connection with route 36, all the population of the northern part of Pike county, and the southern part of Brown county consisting of the cities of Griggsville, the towns of Perry, Valley, Plashook, Chevierville and Massena with a total aggregate of 10,000 people, and better affords utilization of the Perry and Griggsville state aid road.

From Pittsburg to Louisiana, Mo., a distance of twenty miles by way of Summer Hill and Atlas, a hard road consisting of a gravel surface is completed, with the exception of about two miles and a half, and is in a good state of repair. This brings into connection and contact with route 36, the population of all the south and southwest portions of Pike county, and the northern part of Calhoun county, consisting of the towns of Hartford, Summer Hill, Atlas, Rockport, Pleasant Hill and Nebo, in Pike county, and Chevierville and Massena in Calhoun county with a total population in the aggregate of more than ten thousand.

This hard road also makes a direct connection with the road system of the state of Missouri at Louisiana, with direct hard road connection with St. Louis, Kansas City and other Missouri and western highways.

At Seahorn, Illinois, there is the bed of an old toll-road to Hannibal, Mo., a distance of five and one-half miles, along the line of which road the Chamber of Commerce of the City of Hannibal have pledged the city to construct a hard surface road, so as to afford connection at Hannibal from that city, including the Pikes Peak Ocean to Ocean highway.

This route to Quincy will afford connection at that city, with whatever roads may be built, in and out of Quincy, including a prospective road from Quincy to Taylor, Mo.

Route 36 is direct extension of route No. 10, and together constitute a complete cross state road, from Indiana line to the Mississippi river.

At Jacksonville connection will be made with route No. 3 from Rock Island to St. Louis.

By the construction of route No. 36, the State Capital with its population of 70,000 will be given western connection by way of the City of Jacksonville with its population of 16,000 with the City of Quincy, with its population of 40,000; Hannibal, Mo., with its population of 20,000, and Louisiana, Mo., with a population of 10,000 and direct connection with the highways of the great west.

**Agricultural Interests Served**  
Pike county, which has limited transportation facilities, is one of the largest counties in the state in area, and is first in the feeding and shipment of live stock; second in the production of apples, and third in the production of wheat; while Morgan county is second in the production of wheat and Scott county one of the richest corn and wheat producing counties in the state in proportion to its area.

## Auto License Receipts

The auto license fees paid into the office of the Secretary of state, from the counties intersected by routes 31 and 36 are as follows: Brown, Cass and Schuyler a total of \$24,258.14; Morgan, Scott and Pike a total of \$32,612.78.

A difference of \$8,354.62, in favor of line 36 or a difference of 34 1/2 per cent.

## Assessed Valuation

The total assessed valuation of the several counties intersected by line 31 and 36 are as follows:  
Morgan ..... \$18,881,002.00  
Scott ..... 5,391,586.00  
Pike ..... 11,835,827.00

Total ..... \$36,045,608.00

Brown ..... \$4,138,004.00  
Cass ..... 2,294,646.00  
Schuyler ..... 6,050,178.00

Total ..... \$19,484,335.00

An excess of assessed valuation in the counties along line 36 of \$16,561,273.00.

## Cost of Construction

Mileage: From Alexander, where route 31 and route 36 diverge by way of the proposed line of route 31 to Quincy, is one hundred and eight (108) miles.

From Alexander by way of route 36 as projected to Quincy, is ninety-two (92) miles.

A difference of sixteen (16) miles of road construction at a cost conservatively estimated of \$320,000.00.

In other words route 36 can be constructed including the bridge across the Illinois river for less money than 31 can be constructed with the bridge donated.

If the extension of 31 or 36 is to constitute a part of the great central Illinois cross state highway from Indiana by Missouri, the road can be constructed by route 36 to the Mississippi river, with a saving of thirty-one (31) miles, for the reason that Hannibal pledges itself to construct a hard surface road to Seahorn on line 36.

The distance from Alexander to Quincy by route 31 is one hundred and eight (108) miles. From Alexander to Seahorn is seventy-seven (77) miles, which makes a difference of 31 miles.

By route 36 cross state connection can be made with thirty-one (31) miles less of road construction, with a saving to the state for road construction of over \$600,000.00, an amount more than equal to the cost of two bridges across the Illinois river.

There is a further advantage in the fact that at Seahorn, the road is within five and one-half miles of the Hannibal bridge, and the City of Hannibal, the gateway to the Missouri state highway system. We assume that not only the mileage saved in the matter of construction, but in the miles of travel and expense to the traveling public be considered.

A careful survey of the water and material for road building along route 36 discloses that from Winchester west along the entire distance to Quincy, there is an abundance of water, limestone

quarries and gravel beds, of excellent quality for road building, easily accessible to the line of said road and that said road can be constructed at less cost than other lines in any part of Illinois.

The committee respectfully submit that in the matter of population served, economy of construction and inter-state connections, route 36 ought to be constructed at the earliest practical date and in preference to any other road across Central Illinois.

**BILL PROGRESSES**  
Springfield, Ill., Feb. 20.—The house of representatives today advanced to third reading the bill of Representative Frisch of Springfield providing for the transfer of certain state land at Jacksonville, Ill., to the city to be used for a water plant.

Lack of opposition to the measure on second reading where amendments are added was taken to mean the bill would pass the house without delay.

The measure was introduced in the senate yesterday by Senator John A. Wheeler and went to committee. It is expected to pass there also.

Justice of the Peace J. A. Crum says he has reared in his furnace room chickens large enough for eating and there are seven of the fowls. He has two hens setting just about ready to bring off their broods.

Noticing a hole in his chicken house floor it occurred to him that rats might be lurking below so he secured a trap made so that the rodents run into the rear part of it and wait to be disposed of.

Tuesday night he baited the trap with a nubbin of corn and next morning found four big rats in it. Setting the trap again Wednesday night he took from it yesterday morning fourteen good sized rats. He set it again last night and wondered what he would find this morning.

WASHINGTON, Feb. 20.—Restrictions on the use of grain in the manufacture of "near beer" and other non-intoxicating beverages were removed today after receipt of the proclamation signed at Paris by President Wilson and Secretary Lansing several weeks ago. This announcement was made tonight by the food administration.

WASHINGTON, Feb. 20.—Senator LaFollette of Wisconsin, vigorously defended his loyalty in the course of a long address tonight in the senate on what he pictures as causes for popular unrest in the United States. The senator declared he would no longer permit aspersions on his loyalty and declared that his sole aim was to preserve pure democracy in this country.

LONDON, Feb. 20.—(British Wireless Service.)—Sixty thousand

workmen are on strike in Petrograd, demanding the end of civil war and the establishment of free trade according to a Russian wireless despatch received here today.

Reliable information received in London from sources which might be expected to be sympathetic with the Russian revolution goes to show that opposition to the Bolshevik rule is increasing among the more enlightened working classes of Russia. The military situation has changed favorably for the anti-Bolsheviks especially on the southern front.

**Great Majestic Range Bargain Week**

Special Demonstration and Bargain Sale of **Majestic Ranges**

At Our Store—One Week Only  
**Feb. 21st to March 1st**

To be truly Economical there should be a Majestic in your kitchen

Economy is not merely spending the least money—buying a range at too low a price is indeed false economy. The first cost is not the only cost—the little additional first cost of a Majestic is nothing compared with its economy of fuel, durability and satisfactory service. There is only one best. The public has judged. The Majestic is recognized as the standard of all ranges. The construction, material, workmanship and beauty of this wonderful range is unequalled, and it embodies important features possessed by no other range.

**Your Opportunity is here—**  
At our store—during Majestic Bargain Week.

**TWO NEW AND IMPORTANT FEATURES**

**The Wonderful Unseen Riveting**  
Yes, its rivet-tight, just like the old Majestic, but the rivets clinch inside of nicked parts, leaving nickel smooth as glass, and there are no big, bulky bolt-heads on the inside. And, remember, rivets hold tight; bolts with only one or two threads holding are bound to work loose and cause no end of trouble. The Majestic is smooth inside and outside—it's a striking beauty—more than skin deep.

**And Remember—**  
The price of a Majestic Range this week will not be increased, and there will hardly be a great reduction for years to come, if ever, but there may be an increase soon.

**THE BARGAIN**  
—AND IT'S WELL WORTH YOUR WHILE!  
Through special arrangements with the manufacturers, and during this Bargain Week only, a beautiful, useful and substantial set of Cooking Ware will be given with every Majestic Range sold. This ware is good ware (not cheap ware)—it's worth a lot to you. Come and see for yourself.

**Oh, Joy! Top needs no blacking!**  
A smooth, highly polished cooking top, burnished blue, not only adds to the beauty of the Majestic, but absolutely eliminates the work, dirt and worry of trying to keep the range looking nice—just an occasional thin coat of paraffin retains its beautiful velvet blue color.

If you haven't a MAJESTIC, avail yourself of this opportunity to get acquainted with this wonderful range—know the inside of ranges.

### MISS LAZELLE IN ANNUAL RECITAL

Appeared in Excellent Program at Woman's College—Audience Expressed Unqualified Approval.

The very inclement weather of Thursday night could not keep all of the admirers of Miss Lazelle away, although it did seriously diminish the size of the audience that gathered to hear her in her annual song recital. Those that braved the elements were rewarded by hearing an interesting program excellently presented.

Miss Lazelle's work has become familiar to Jacksonville music lovers and always receives a cordial welcome. Her singing on Thursday evening added materially to the very high standing already hers as a singer. She was in excellent voice and sang in her customary brilliant and emotional style, giving to each song just the shade of color demanded by text and music. The applause was enthusiastic and prolonged after each number and at the end of the program she was compelled to add an encore.

The program was an unusual as well as interesting one as it was made up entirely of songs by modern American composers. That we may point with pride to the efforts of our own writers of music was clearly shown last evening. Special mention should be made of Will MacFarlane's "Remembrance." The Negro Spirituals, harmonized by Harry Burleigh and Arthur Farnell, Paul VanKatwyk's "Heart Be Still and Listen," and Clyde Fogle's "Aeth Wishes for the Clothes of Heaven." Mr. Stearns presided at the piano. The program in detail is as follows:

Heart of Hearts (Charles F. Manney).  
Will o' the Wisp (Charles G. Sprösser).  
L'Amour (Homer N. Bartlett).  
Elle et Moi (Mrs. H. H. A. Beach).

### Remembrance (Will C. MacFarlane).

The Romalika (Edna Parke).  
Heart Be Still (Paul VanKatwyk).  
An April Shower (Margaret Hoberg).

The Nightingale (Ward Stephens).  
Three Negro Spirituals

Deep River (Harry Burleigh).  
Swing Low Sweet Chariot (Harry Burleigh).

Sometimes I feel like a Moanin' Dove (Arthur Farwell).  
Requiescat (Arthur Farwell).

Homeward (Louis Schmidt).  
A Rose Rhymer (Henry V. Stearns).

Off the Irish Coast (Henry V. Stearns).  
Aeth Wishes for the Clothes of Heaven (Clyde Fogle).

Sunlight Waltz (Harriet Ware).  
The next recital will be a student's recital, Thursday evening, February 27th, at 8 o'clock.

The first of Mr. Stearns' vespers organ recitals will be given Sunday afternoon, February 23rd at 4 o'clock.

### SCOTT COUNTY MAN COMMITTED SUICIDE

Benjamin Hepworth of Alsey Found in Bed Suffering From Gun Shot Wound—Former Resident of Winchester Dies.

Winchester, Feb. 20.—Benjamin Hepworth, son of Mrs. John Hepworth living about a mile and a half northeast of Alsey, was found in his bed at an early hour Thursday morning in a serious condition from a gunshot wound. Although his condition was serious his death did not occur until about 1 o'clock Thursday afternoon. N. W. Sappington and Coroner Thomas Webster and a jury are to inquire into the cause of death. It is assumed, however, that it was a case of suicide. The deceased was twenty-eight years of age and is survived by his mother, two sisters and two brothers.

Rev. and Mrs. W. F. Gilson arrived Tuesday from Greenfield to visit their daughter, Mrs. Earl Nelson and family.

Miss Etta McGlasson, daughter of Mr. and Mrs. Otis McGlasson, passed away at the home of her uncle and aunt, Mr. and Mrs. William McDade, near Bloomfield Wednesday. Death occurred after an illness of three weeks. The funeral will occur Friday afternoon at 2 o'clock.

The town boys played the high school boys at basketball Thursday evening in the city hall, the game resulting in a score of 23 to 15 in favor of the town boys.

### Former Resident Dies.

The remains of Mrs. George Peak are expected to arrive Friday night from Conrad, Mo. Mr. and Mrs. Peak were residents of Scott county all their life until nine years ago, when they removed to Conrad. The deceased is a sister of Hon. J. M. Riggs of Winchester and a cousin of Mrs. Rufus Funk of north of Winchester. Mrs. Peak was a member of the Baptist church and was a woman of fine character. She had many friends in this community who will regret to know of her death. The only daughter of Mr. and Mrs. Peak passed away about four years ago and the remains were brought to Scott county for burial. The funeral will be held at the Baptist church at 12 o'clock Saturday afternoon.

Ben Dawson returned Thursday to his home in Beadstown after a visit here with relatives.

Favorite Lodge Will Confer First Rank Saturday Afternoon—Dokay Drill Team Getting in Form.

At the regular meeting of Favorite Lodge Thursday evening the team to confer the first rank at the Saturday afternoon session of the three day Pythian meeting February 22, 23 and 24.

The members are enthusiastic over the prospects of a big meeting and five new cards were voted upon for membership. The rank of Esquire was conferred upon Howard B. Pattillo.

The Dokays are also moving along with preparations for their ceremonial in connection with the three days meeting. The drill team is rapidly rounding into the form displayed when the trip was made to Asbury park. Eight applications have been received and there are prospects for that many more.

The team selected is as follows:

C. C.—L. B. Truner.  
V. C.—Frank Bracewell.  
V. C.—B. Lee Stice.  
Master at Arms—E. E. Lushbaugh.  
Inner Guard—John E. Bradfield.  
Outer Guard—Otto Burham.  
Pianist—George W. Gerlach.

The \$1.90 hats shown by FRANK BYRNS' Hat Store are real bargains and many men are buying them. Spring styles from \$4 to \$10.00.

### MANAGERS FROM STATE FARM HELD CONFERENCE

Inspected Dairy Herd at School for Deaf—Program at Jacksonville State Hospital—Department Men Heard in Addresses.

The meeting of farm heads of various state institutions was held in Jacksonville Thursday and brought to the city about 50 men engaged in farm and dairy work. A part of the morning was spent in inspection of the dairy herd of the State School for the Deaf. Later the formal program of the day took place at Jacksonville State hospital. C. T. Hoblit, who is farm and dairy adviser for the state institutions, presided and made an excellent address in which he explained something about the work which is being done on the farms of the state. His theme was "Last and This Year's Crops on the State Farms." Col. Frank Whipp made an address as did Representative Jacob Frisch and Henry H. Parke of the department of agriculture.

Interesting Discussion.

There was some interesting and valuable discussion at both the morning and afternoon sessions and a number of short addresses were made as indicated by the program given below. At the School for the Deaf the visitors found special interest in inspecting the dairy herd. It was shown that 37 cows in the herd are now producing a daily average of 150 gallons of milk. The records show too that for the past month 14 of the cows have given in excess of 40 pounds of butterfat. This is a decided improvement over last year. This is due in part to the plan followed of planting soy beans in all corn used for silage. Thru this plan it has been possible to cut the rations of grain and increase the production of milk.

At the State Hospital where the same plan of using soy beans in silage was used, it was shown that more milk was being secured from a herd of 76 cows than was true last year with 100. Simon Burg, who is in charge of the herd at Elgin State hospital, testified that the records there were the same, less grain and more milk. When the soy beans were used. Mr. Hoblit has given directions to all state institution farm heads that this plan must be followed where corn is being raised for silage.

### Exhibit of Farm Products.

At Jacksonville State hospital the session was held in Amusement hall and there was an interesting exhibit of farm products. Nearby there was also a display illustrating the construction work done under the direction of Miss Hoppe.

Col. Whipp in his address compared present conditions of state institutions with those of earlier years and gave facts to indicate how much greater the state's task is today than in the years gone by. Other statements were made to show the development of the state institutions.

Representative Frisch spoke upon "Legislation Looking to the standardization of Seeds Sold in Illinois." The Illinois general assembly has been for some time considering a law which, it is hoped will prevent the sale of impure seeds. A great many states have had such laws on their statute books for years past and as a result have been able to exclude from the market seeds not of standard value. Mr. Parke who came in the place of Charles Adkins, head of the department of agriculture, had for his theme "My Ideal of an Institution Farm." Some valuable suggestions were made. An excellent dinner was served to the visitors and in the afternoon the program as outlined was given. Mr. Hoblit's paper, which well summarized the state institution farm work, will be printed at another time.

### Afternoon Program.

"Stopping, Care and Prevention of Dry Ditches and Gutters," Captain Douglas, Southern Illinois Penitentiary.

"Raising and Care of Chickens, Ducks, Geese and Turkeys," Mr. McAllister, Illinois State Reformatory.

"Soil Building on an Institution Farm," George Hatterman, Anna State Hospital.

"A Model Dairy Barn and Correct Type of Male and Female Animal," C. P. Dunning, Soldiers' and Sailors' Home.

"The Pruning and Proper Care of an Orchard," Mr. Moonaw, Alton State Hospital.

"Proper Fitting of Root Crops," Mr. Gertz, Chicago State Hospital.

The screen pictures of the disciplinary barracks at Ft. Leavenworth were very interesting and informing.

### HEARING HAD ON E. STATE PAVING

No Decision Made by Improvement Board—Few Objectors Present.

A hearing was had by the board of local improvement yesterday on the proposed pavement on East State street from the railroad tracks to Johnson street. It is proposed to cover the brick pavement there with asphalt and estimate made by Engineer Henderson shows total cost of improvement is \$22,957.

M. A. Carlile was the first of the property owners to speak and he said he thought the improvement should be postponed until materials sell at lower prices. In answer to his question it was stated that the cost for the pavement on a frontage foot basis would be \$4.92. Mr. Carlile thought the improvement should extend clear to the city limits and it was explained to him that this is the intention, only that the other part of the paving will be of brick. The Misses Boyce said that their finances were just like those of Jacksonville at present and they believed the pavement should be put down when labor and materials command lower prices. S. H. Larimore said that he had conversed with many property owners and knew that the following were opposed to the improvement. He gave with the names the frontage that each owns or controls:

F. C. Taylor, 350 ft.; Mrs. Faust, 75 ft.; Mrs. Lucrilia Brown, 65 ft.; James Bourn, 49 ft.; Kellogg Bros., 280 ft.; Mrs. Clampt, 21 ft.; George A. Moore, 80 ft.; Mrs. Brown, 93 ft.; Mrs. Self, 58 ft.; Mrs. Eliza Caldwell, 119 ft.; Miss Grant, 70 ft.; Mr. Rabjohns, 14 ft.; Hatfield & Shaw, 88 ft.; Joseph Rodems, 66 ft.; Catherine Sheehan, 59 ft.; Charles Clampt, 90 ft.; S. H. Larimore, 140 ft.; S. T. Maddox, 100 ft.; Mrs. Hoffman, 100 ft.; E. H. Doolin, 100 ft.; C. W. Sims, 60 ft.; M. S. Henderson, 58 ft.; Misses Boyce, 93 ft.

Mr. Larimore made various inquiries about the pavement, as to who would do the inspection work, and while he expressed opposition to the improvement at this time, seemed to take the view that the project would probably go forward. It was stated that the total frontage is 2331.

Fred Degen spoke in opposition to the improvement at this time, as did Joseph Rodems, Harry Cobb, a resident of the street, said the pavement was needed and that even if materials and labor came down in cost later, that the residents would probably not be making as much money as they are now. Some of those present asked about the possibility of putting down entirely new pavement. Engineer Henderson said this would involve the removal of all the upper course of brick on the street and would add about \$4500 to the cost. It was explained too that all sewers and gas connections will be made before any paving is done.

The hearing was adjourned to next Monday at 11 a. m.

Lutheran Ladies' Guild Bazaar and market, Saturday, Feb. 22, Bernard Gause bldg., E. State St. Home cooking and baking, country dressed poultry, eggs and butter.

## PERSHING PAYS TRIBUTE TO ARMY

Troops Which Participated in War's Last Campaign Praised By General Pershing in General Order — Achievements Scarcely Equalled in American History.

St. Louis, Mo., Feb. 20.—General Pershing told men of the First Army who fought and won the Meuse-Argonne Battles that their achievements were scarcely equalled in American history, and must remain a source of proud satisfaction to troops who participated in the war's last campaign. A copy of the general order issued by General Pershing has just been received here.

The order outlines the last Campaign from Sept. 26 to the signing of the armistice and was printed in the Stars and Stripes, official newspaper of the American Expeditionary Forces. It follows:

"It is with a sense of gratitude for its splendid accomplishment, which will live thru all history, that I record in General Orders a tribute to the victory of the First Army in the Meuse-Argonne battle."

"Tested and strengthened by the reduction of the St. Mihiel salient for more than six weeks you battered against the pivot of the enemy line on the Western front. It was a position of imposing natural strength, stretching on both sides of the Meuse River from the bitterly contested hills of Verdun to the almost impenetrable forests of the Argonne; a position moreover, fortified by four years of labor, designed to render it invulnerable, a position held with the fullest resources of the enemy. The position you

broke utterly, and hastened the collapse of the enemy's power.

"Soldiers of all divisions engaged under the First, Third and Fifth Corps—the 1st, 2nd, 3rd, 4th, 5th, 26th, 28th, 29th, 32nd, 33rd, 35th, 37th, 42nd, 77th, 78th, 80th, 82nd, 89th, 90th, and 91st—you will be long remembered for the stubborn persistence of your progress, your storming of obstinately defended machine gun nests, your penetration, yard by yard of woods and ravines, your heroic resistance in the face of counter attacks supported by powerful artillery fire. For more than a month from the initial attack of Sept. 26 you fought your way slowly thru the Argonne, thru the woods, and over hills, to the Meuse; you slowly engaged your hold on the Cotes de Meuse to the east; and then on the first of November, your attack forced the enemy into flight. Pressing his retreat, you cleared the entire left bank of the Meuse south of Sedan and then stormed the heights on the right bank and drove him into the plain beyond.

"Your achievement, which is scarcely to be equalled in American history, must remain a source of proud satisfaction to the troops who participated in the last campaign of the war. The American people will remember it as the realization of the hitherto potential strength of the American contribution toward the cause of which they had sworn allegiance. There can be no greater reward for a soldier or for a soldier's memory.

"This order will be read to all organizations at the first assembly formation after its receipt.

"JOHN J. PERSHING,  
General, Commander-in-Chief,  
American Expeditionary Force.  
Official: Robert C. Davis,  
Adjutant General."

## IN MEMORIAM.

Memorial lines for three departed Sisters of Athens Temple, No. 23:

During the past year three of our Sisters have laid down their earthly cares. We shall miss them in hours of sadness. Alas! most their cheering words of comfort and sympathy, when tasks grow hard and burdens seem more than we can bear.

Gladly we tender to them our tribute of love and affection, and scatter to their memory sweet and loving flowers of thought in token of the love that enshrines them in our heart. So while we feel a keen sense of our personal loss we are happy in the thought that all is well with them and each of us look forward confidently to the day when our work here on earth is done. And with the heavenly benediction, "Well done good and faithful servant." We shall enter upon the same journey to find our Sisters awaiting us on the other shore in a land of perfect day.

Let us not mourn that they have gone, but let us rather emulate their good deeds. In loving memory of

Sister Jeanette Vaughn,  
Sister Elizabeth Harrison,  
Sister Irene McCallister.

Who have obeyed the last summons and passed thru the Valley of the Shadow of Death. "God knows the way. He holds the key. He guides us with unerring hands."

Sometimes with tearless eyes, we see and understand.

Softly in Thy sacred keeping  
Leave we now our loved ones  
sleeping.

## Coming Events Cast Their Shadow

prepare Now to Withstand the Crisis

Do not anticipate with a shuddering dread the beautiful event of childbirth. You can avoid discomfort during the period of labor by preparing your system in advance by putting yourself in splendid condition to meet the time.

For just this purpose women all over the world, in every walk of life, have used for over half a century the time-honored and famous remedy, Mother's Friend. It is prepared to give the mother-to-be that direct relief she needs. The muscles, nerves, tendons and joints are made and kept soft and active. Thus strain is avoided, and as a result nervousness, nausea, bearing-down and stretching pains are avoided.

The abdominal muscles expand easily and only when baby is born. Naturally, pains and the hours are fewer. The system prepared and the crisis is one of much less danger.

Write the Trade-Field Regulator Company, apt. M, Lamar Building, Atlanta, Georgia, for their helpful Motherhood Book, and in a bottle of Mother's Friend from their nearest dealer. It is just as standard as anything you can think of.

And remember, there is nothing to take the place of Mother's Friend.

### SAMUEL BUTLER HELD CLOSING OUT SALE

Will Retire from Active Farming—Sale Totaled Over \$11,000—Diller and Eichorst Held Sale.

Samuel Butler held a retiring sale at his farm south of the city Thursday. Mr. Butler will retire from active farming but expects to remain on the farm, having built a fine modern residence. The sale totaled over \$11,000, there being a good crowd present despite the bad weather. All of the offerings brought good prices, implements and farm machinery selling well.

J. L. Henry and C. Justus Wright were the auctioneers. It was the first sale Mr. Henry had held in the county and he did good work. The clerks were H. C. Clement and S. J. Camm. The ladies of Woodson Presbyterian church served the lunch. Some of the buyers and prices are given hereunder:

### DOCTOR PRESCRIBED VINOL

For This Poor Mother Who Could "Hardly Drag Around"

Glasgow, Jct., Ky. — "I am a farmer's wife and was suffering from a nervous breakdown—loss of flesh and poor appetite so I could hardly drag around and do the work for my family. My doctor prescribed Vinol. It not only made me well and strong but I have gained in weight." — Mrs. S. M.

The reason Vinol proved such a wonderful strength creator in Mrs. Gray's case is because of the beef and cod liver peptones, iron and manganese peptones and glycerophosphates combined in a pure, native tonic wine, which makes Vinol the most successful tonic. For sale by all druggists. P. S.: For pimples and blotches try Saxol Salve. Money back if it fails.—Adv.

### DRESSMAKER

#### DOING HER BIT

"Since I was a child, I have suffered with stomach trouble and gastric attacks. Doctors could only give me temporary relief. A lady I sewed for told me of having been cured of similar trouble by taking Mayr's Wonderful Remedy. The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Coover & Shreve, Jacksonville, Ill.—Adv.

### MAKE OLD SHOES 'WEAR LIKE NEW'

"I had Neolin Soles put on my shoes—wore these shoes every day for ten months, then had Neolin Soles put on. They are still in good condition," writes F. T. Evans, of Seattle, Washington.

This is cutting shoe bills down to the minimum through Neolin Soles. Any one can do this if he will follow Mr. Evans' example, and have his shoes bottomed with Neolin Soles. These tough, durable soles cost no more than soles that give only ordinary wear. And all good repair shops have them.

Neolin Soles come on new shoes in many styles for men, women and children. They are created by science to be all that soles should be—comfortable and waterproof, as well as long-wearing. They are made by Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Soles—guaranteed to outwear a tire.

### LEGISLATIVE PROGRAM OF ORGANIZED LABOR

Labor Leaders Map Out Program to Be Dealt With By General Assembly—Changes in Present Workmen's Compensation Law Agreed Upon.

Springfield, Ill., Feb. 20.—Organized labor in Illinois is completing its legislative program to be dealt with by the general assembly.

Bills have already appeared asking trial by jury in contempt cases when the offense is committed in the presence of the court, and seeking an anti-injunction law for labor disputes.

Changes in the present workmen's compensation law for the most part have been agreed upon. It is said, and the amendatory measure is expected to be introduced without delay. Agitation among the workers of the state for industrial insurance is said to have subsided. Labor leaders are giving attention to the possible appointment of a commission to study industrial insurance. They are said to have given up hope for an industrial insurance law itself.

A bill embodying the recommendations of the industrial survey which recently went on record in favor of an eight hour day for women workers is looked for soon.

A measure affecting working women has been introduced by Representative Hicks of Rockford. It is before the industrial affairs committee. It would place the question of working hours with the state industrial commission. This commission would be authorized to classify work in which women engage, determining the number of hours applicable to each, none of which might exceed ten hours.

**To Consider Labor Bills.**

Under a plan being worked out by the house members friendly to labor legislation, labor bills will be given consideration at open meetings to be arranged for every Wednesday night at the state house. In this way it is proposed to learn from what sources opposition is to be expected.

The anti-injunction bill, defeated at the last session, was introduced at this session by Representative Soderstrom of Streator and referred to the committee of judiciary. It provides that no restraining order or injunction shall be granted by any court in Illinois in any case between employer and employee "involving or growing out of" dispute concerning terms or conditions of employment, unless necessary to prevent irreparable injury to property or to a property right of the party making application for which injury there is no remedy at law, and such property or property right must be described with particularity in the application which must be in writing and sworn to by the applicant or his agent or attorney.

The Soderstrom bill would prohibit the use of the injunction to prevent strikes, picketing and the payment of strike benefits. Section two of the measure says: "The labor of a human being is not a commodity or article of commerce. Nothing contained in the anti-trust laws of this state shall be construed to forbid the existence and operation of labor, agricultural or horticultural organizations instituted for the purpose of mutual help and not having capital stock or conducted for profit, or to forbid or restrain individual members of such organizations from lawfully carrying out the legitimate objects thereof; nor shall such organizations or members thereof be held or construed to be illegal combinations or conspiracies in restraint of trade under the anti-trust laws of this state."

**Bill Affects Contempts Cases.**  
The bill proposing trial by jury in contempt cases, introduced by Representative Ronalds and referred to the judiciary committee, is offered as an amendment to the act revising the law in relation to injunctions, effective July 1, 1914.

With reference to contempt cases, Section Thirteen of the bill says: "That whenever it shall be

### REV. DUNN FEELS IT HIS DUTY TO SPEAK

Wants Others to Benefit By His Experience—Spent Hundreds of Dollars Trying in Vain to Find Relief.

"Rev. J. H. Dunn, pastor of the Church of Christ at 2110 East Second avenue, Spokane, Wash., and residing at 724 West Sharp street, is still another minister whose deep sense of gratitude and desire to help others will not permit him to remain silent regarding the benefits he has derived from the use of Tanlac."

"Tanlac has not only relieved me of my ten years' suffering," said the Rev. Mr. Dunn, "but it has built me up wonderfully, as I have gained fifteen pounds in a month's time by taking it. My stomach was in such a disordered condition that I could not eat without suffering great pain. My food felt like lead in my stomach and I would expel gas with almost every breath. My head ached constantly and I continually lost in weight, strength and energy. I spent around three hundred dollars for medicines but got no better."

"I finally bought Tanlac on the strength of high endorsements and my first bottle made a marked change in my feelings. So I bought another and then others and now I am just like a new man. I can eat anything now without the least discomfort afterwards. It gives me pleasure to do what I can for my fellow man, and as Tanlac has been of such great benefit to me and to a number of my friends also, I can recommend it to everybody."

Tanlac is sold in Jacksonville by Coover & Shreve.

made to appear to any court or judge thereof, by the return of a proper officer or lawful process or upon affidavit of some creditable persons, that there is reasonable ground to believe that any person has been guilty of such contempt, the court or judge thereof may issue a rule requiring the said person so charged to show cause upon a certain date why he should not be punished

therefor, which rule, together with a copy of the affidavit, shall be served upon the person charged with sufficient promptness to enable him to prepare for and return to the order at the time fixed therein. If upon or by return, in the judgment of the court the alleged contempt be sufficiently purged, a trial shall be directed at a time and place fixed by the court.

## Starving in the Midst of Plenty

### Acid Stomach Steals Strength and Good Feelings From Millions

One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomach seldom know what their trouble really is.

No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid-stomach cannot properly digest food. Instead of healthy, normal digestion, the excess acid causes the food to sour and ferment. Then when this mass of sour, fermented food, charged with excess acid, passes into the intestines, it becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating and yet are literally starving in the midst of plenty. Their acid-stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. And it doesn't take long for this poor nourishment to show its ill effects in a weakened, emaciated body.

"You may say: 'My stomach doesn't hurt me.' That may be true because many victims of acid-stomach do not actually suffer stomach pains. Then again, there are millions who do suffer all kinds of aches and pains—headaches, rheumatic twinges, gout, lumbago, pains around the heart and in the chest—who never

dream that an acid-stomach is real cause of the trouble.

Naturally, the sensible thing to do is to strike right at the cause of this trouble and of the excess acid out of the stomach. There is a quick, easy way to do this. A wonderful remedy quickly removes the excess acid without the slightest discomfort. It is EATONIC. Made in the form of tablets—it is good to eat—just like a candy. They literally absorb injurious excess acid and carry away through the intestines. They also drive the bloated out of body—in fact you can fairly work. Make a test of EATONIC in your own case today. Get a big box of EATONIC from your druggist. See for yourself. Surely it brings quick relief those painful attacks of indigestion, bitter heartburn, belch, disgusting food repeating, a awful bloated, lumpy feeling at eating, and other stomach ills. Banish all your stomach troubles so completely that you for you have a stomach. Then you can eat what you like and dig your food in comfort without fear of distressing after effects.

If EATONIC does not relieve you, it will not cost you a penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health if you feel you are not getting the strength out of your food—you are not feeling tip-top, ready for your work, full of vim and vigor—do give EATONIC a trial this very day and see how much better you will feel.

### Farmers Please Note

## 5% Early-Delivery Discount On Mogul and Titan Tractors

Nearly five thousand of our boys in khaki and blue are coming back to work. We shall, of course, make a place in our organization for every one of them, but we wish to do it without throwing out of employment the men who took their places and have worked faithfully for us ever since. This is not going to be so easy for us as for some others, because the Government designated ours as an essential industry during the war, and we actually increased the efficiency of our organization after our boys left to join the ranks.

We can, however, give steady work both to our present help and to the returning soldiers and sailors, if we can bring about an immediate increase in tractor production. In order to do this we must move forward to the farm some thousands of tractors that are ordered for delivery at various dates up to May 1st, and we shall also have to ship a large number of tractors that farmers intended to order later this season, but could just as well take now. To those farmers who are so situated as to be able to take advantage of it we make the following proposition:

### Our Early-Delivery Discount Plan

If you will take delivery of a Mogul or Titan tractor now we will reward your co-operation as follows:

To those who will accept delivery of a Mogul or Titan 10-20 on or before March 8th we will give an Early Delivery Discount of 5% from the price of the tractor. (This amounts to \$61.25 in the case of the Titan 10-20 and \$56.25 on the Mogul 10-20.)

After March 8th the following discounts will be given

For delivery during week of March 10 to March 15 inclusive 4%  
For delivery during week of March 17 to March 22 inclusive 3%  
For delivery during week of March 24 to March 29 inclusive 2%  
For delivery during week of March 31 to April 5 inclusive 1%

This discount will go a long ways toward paying the fuel bills of your tractor during this season.

By taking advantage of this Early-Delivery Discount, you will not only be helping yourself, but will enable us more easily to put back to work our army of returning boys without breaking up our present organization. You will find that you need a few weeks to get acquainted with your new tractor. The man who has his tractor early can become familiar with it, so that when the

first day of good plowing weather dawns, he will be able to get in the field without a moment's lost time. That in itself is a very good reason for taking early delivery.

Go to your dealer and tell him that you will accept immediate delivery of your Mogul or Titan 10-20 horsepower tractor, so he can make up his carload shipments without delay.

MOTHER! DON'T TAKE  
CHANCES IF CHILD'S  
TONGUE IS COATED

If Cross, Feverish, Sick, Bilious,  
Clean Little Liver and Bowels.  
A laxative today saves a sick  
child tomorrow. Children simply  
will not take the time from play  
to empty their bowels, which be-  
come clogged up with waste, liver  
gets sluggish, stomach sour.  
Look at the tongue. Mother! If  
coated, or your child is listless,  
cross, feverish, breath bad, rest-  
less, doesn't eat heartily, full of  
cold or has sore throat or any  
other children's ailment, give a  
teaspoonful of "California Syrup  
of Figs," then don't worry, be-  
cause it is perfectly harmless, and  
in a few hours all this constipa-  
tion poison, sour bile and fer-  
menting waste will gently move  
out of the bowels, and you have a  
well, playful child again. A thor-  
ough "inside cleansing" is oft-  
times all that is necessary. It  
should be the first treatment given  
in any sickness.

Beware of counterfeit fig syr-  
ups. Ask your druggist for a bot-  
tle of "California Syrup of Figs,"  
which has full directions for ba-  
bles, children of all ages and for  
grown-ups plainly printed on the  
bottle. Look carefully and see  
that it is made by the "California  
Fig Syrup Company."—Adv.

## LET'S ALL MOVE TO WHITE HALL

Mayor Boehm Says That City is in  
Fine Condition Financially—  
Lots of Rock and Gravel for  
Hard Roads Near White Hall  
—Other News Notes.

White Hall, Feb. 20.—Moved  
by published reports that might  
be construed as showing White  
Hall to be in a bad financial  
condition, Mayor Robert C.

B. F. MCGOWAN  
209 East Morgan St.  
(Slater's Old Stand)

Boehm has prepared figures to show that White Hall is now in better financial condition than it has been for the last seven or eight years. Mr. Boehm was sworn in as mayor four years ago, at which time the city council had exhausted even its anticipated resources. In face of this situation Mr. Boehm's administration has annually reduced the drain on the anticipated taxes until the amount of anticipation warrants outstanding at this time is slightly less than \$3,000, and little if any more anticipation warrants will be issued during the present term. Along with this gradual reduction, too, the city met some unusual drains on the city treasury. For instance the rise in the price of gasoline for use at the pumping station entailed heavy expense before relief came with the adoption of electric power. At one time the city owed the Standard Oil Co. \$2,500. In one year the repair bill on the old pumping machinery aggregated

\$2,000. There was another expenditure of \$3,000 from the regular levy for street oiling during the past two years. There was an increase of fifty per cent for materials and salary increases of thirteen per cent.

Not a candidate for Mayor. In spite of the extra burdens thus imposed, the city today has an indebtedness of \$3,000 in anticipation warrants and a total bonded indebtedness of only \$5,000. Of this bonded indebtedness \$2,000 will be due from the present levy, due this spring, amounting to \$17,214, and the \$3,000 in anticipation warrants, making a total of only \$5,000 that must be met by the levy. Leaving the sum of \$12,214 with which to run the city during the ensuing fiscal year, which should be ample without anticipating on the taxes of the following year if the city is managed economically and efficiently. This statement carries weight of confidence and accuracy when it is known that Mr. Boehm is not a candidate under any circumstances. He has served for four years, and the city is here shown to be in much better financial condition than he found it—better probably than that of any other city of its class in this section.

Mrs. Charles Whiteside underwent an operation in St. Louis this week for the removal of a large growth on her neck, from which she is making substantial improvement.

Mrs. J. A. Rickart and two sons are here from Kansas City for an extended stay among relatives. Her husband, well known market correspondent at the Kansas City stock yards for several years, died about two weeks ago and was buried at Kansas City. He was a brother of Mrs. H. W. Roodhouse and Mrs. R. S. Worcester, and was born and reared at White Hall.

Miss Olive Strang, stenographer, is here from St. Louis on a vacation.

There is an abundance of material for hand iron construction on the Illinois river bluffs adjacent to White Hall, and the wonder among many is why the state is not more interested in the situation in the effort to reduce the high cost of material which is holding up road work in the state. There is gravel and limestone in unlimited quantities, and proper effort could doubtless bring about its use for little if any more than the cost of labor and transportation. The state road authorities should not be allowed to overlook the inexhaustible deposits if the plan of erecting a state cement plant is to be carried out. It is said that A. L. McClay contemplates erecting a hard road across the Hillview Drainage and Levee District east and west and make connection with another good highway for the west by ferrying the Illinois river.

Leave for California.

Mr. and Mrs. F. B. Zerenberg and daughter, Miss Marie, left Thursday for Los Angeles, where the ladies will be located indefinitely on account of the health of Miss Marie. Mr. Zerenberg will return in about two weeks to resume duty running a C. & A. switch engine.

Corporal Chas. Pearce writes from Camp Dodge, Iowa, that he expects to be discharged soon to resume duty with Armour & Co. Bryan Whiteside has returned from overseas. Clyde King embarked last Saturday from France, and is expected home in a few days.

The special meetings in the M. E. church are getting under way. The formation of an orchestra by Rev. Hedges has been accomplished, and the chorus made its first appearance Thursday evening. The services will continue thru next week.

Three inches of snow fell at White Hall Thursday.

Vosseller's Whereabouts Still a Mystery.

All efforts to communicate with Dr. C. D. Vosseller in France have been unavailing, and the father, A. D. Vosseller, has appealed to the Red Cross to aid in the search. No word has been received from him since September by any one in this section, so far as known. He was practicing osteopathy at Greenfield at the time he was called to the colors. He and Clarence Whiteside left here together, and they were company mates until reaching England with the 78th division, when they became separated for a time. Vosseller in Company B and Whiteside with Company C. A letter from Whiteside was received Wednesday by his father, L. D. Whiteside, dated Chassey, France, January 24th.

in which the writer says: "You have asked about Vosseller. On a long and tiresome hike September 11th, the arches of his feet gave away. He was unable to walk, and was sent to some hospital, since which time no one in this battalion, not even the company clerk of his own company, has heard a word concerning him. We have missed a fellow from our own company like that, who was wounded in battle. I hope his folks hear from him, but no one here knows anything about him." Whiteside adds that he is in the best of health; that roses have winter, but so damp that most of the fellows have colds, but there has been no influenza for the past two or three months. He says that no combatant troops will be sent home until peace is finally signed, and he need not be expected home before Easter. He was on the St. Mihiel front and in the Argonne Woods, and says they are enough for him.

W. H. Weatherford, sheriff and ex-officio collector of Morgan county hereby gives notice that he will visit the following places for the purpose of collecting taxes:

**Welcome him  
with home baking.**

"Home" to our boys means mother and the folks first—and home-eating next. Army rations are nourishing, but *nothing* can compare with the home-made bread, pies and cakes that mother gives him.

Treat him, and the whole family, with the kind of baking that Valier's Enterprise Flour makes—the finest, whitest, lightest that ever came out of an oven. He'll say, "Mother, you're *some* cook!"

Valier's Enterprise Flour is made to give the highest quality baking results—and it *does*. It's an ideal in flour making—always maintained. When it couldn't be maintained, due to war milling regulations, it wasn't made at all.

Phone your grocer for a sack of Valier's Enterprise Flour, today.

Community is Valier's popular-priced flour. It has made hosts of friends.
